Sign my petition to fix the commuter parking crisis at Edmondson Park Station

April 2018

Dear resident

I have long been campaigning for a multi-deck commuter car park at Edmondson Park Station.

It is painfully clear that current parking arrangements are woefully inadequate, with parking spots full by about 7am and drivers having to risk infringement notices just to get to their train on time.

It's now time to take the fight directly to State Parliament. **I am launching my petition calling on the Government to fund a multi-deck car park in the 2018-19 Budget.**

The petition needs at least **500 signatures** to force the Minister to respond. This is the best way to hold the Berejiklian Liberal Government accountable and to demand action for our local community.

If, like me, you want to see the car parking crisis at Edmondson Park Station fixed, **please sign my petition** and **return it free of charge** using the reply paid envelope provided.

Let's send a strong message to the Berejiklian Liberal Government that we want a multi-deck car park **funded and built now!**

If I can be of any further assistance, please do not hesitate to contact the office on 9618 2077, macquariefields@parliament.nsw.gov.au or through my website letsbackanoulack.com

Yours sincerely,

Anoulack Chanthivong MP
