26 November 2018

Dear Minister,

I write on behalf of my constituents regarding the long-overdue release of the Glenfield Precinct Plan. According to the Department of Planning and Environment's website, the plan was due to be released for public exhibition in early 2018. It is now November 2018 and the Glenfield Precinct Plan is still shrouded in secrecy.

As conceded in the Department's own "Glenfield Precinct Plan - Frequently Asked Questions" document in November 2017, I note the Precinct Plan was delayed due to the Liberal Government's atrocious decision to sell the farm at Hurlstone Agricultural High School to developers. The plan is being revised to allow for the destruction of this vital green open space.

I reiterate my firm opposition to the sale of Hurlstone Agricultural High School. Hurlstone and its farm must be protected from overdevelopment that is already rampant in my electorate. In a growing community, educational land becomes even more valuable and this site should be preserved for future generations to be able to attend an exemplary agricultural high school in the local area.

Furthermore, there is increasing angst in my community about overdevelopment in south-west Sydney.

My recent Stop the Squeeze survey found that residents in my community are fed up with the Liberal Government's unfair planning agenda that threatens high-rise monstrosities, destroys our green open spaces and fails to deliver the infrastructure we need.

I urgently call on you to release the Glenfield Precinct Plan for public exhibition as soon as possible. It is crucial members of my community are informed about the Liberal Government's overdevelopment plans for the Glenfield area well before the March 2019 election.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Anoulack Chanthivong'.
